MINUTES OF MEETINGS
OF THE
Board of Commissioners

April 1922

NEWARK, N. J.,

April 4, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of meeting of March 28th were read and approved.

Mayor Breidenbach: Is there any citizen desiring to be heard on the ordinance providing for the planting of shade trees. If not, I declare the hearing closed.

Mr. Howard Isherwood: I have deposited with the City Clerk this morning a communication in reference to a big convention which we are holding in this city on April 25th, 26th

and 27th. It will be the Supreme Session of the Tall Cedars of Lebanon of the United States. This Session was decided on a year ago at Atlantic City, and at that time it was agreed that Newark should have it provided we held a street parade on Wednesday, April 26th, immediately preceding the big Ceremonial for the initiation of candidates, for which purpose we have hired the Armory. We took up the matter with Commissioner Brennan to secure permission to hold this parade on Broad Street, but he informs us that the Commission adopted a resolution some time ago prohibiting all parades on Broad Street, due to the objection of the merchants. Due to the fact that this promise was made by us over a year ago and that it occurs on Wednesday evening, April 26th, at 7 o'clock, we would like to have the Commissioners give us permission to hold it on Broad Street, from Lincoln Park to Washington Place to Washington Street to Sussex Avenue and up Sussex Avenue to the Armory. This is a big affair for the City and a lot of the merchants are co-operating

with us and we want to make this a big affair. There will be at least 10,000 visitors here and we ask that this Commission give us the permission to hold the parade on Broad Street.

The communication signed by Mr. Isherwood relative to the plans for the parade was then read by the clerk.

Commissioner Raymond: It is a very popular thing for Newark. I do not see that it would interfere very much with the merchants at that time.

Commissioner Brennan: I do not say that it will interfere very much with business, but in view of the protest filed by the Chamber of Commerce, after a survey of Broad Street merchants, they say it hurts business. This is the third application that has been made for permission to conduct parades on Broad Street, one by the Boys Club, and one by the Junior Order United American Mechanics, who are to hold a convention. Out of 260 replies there were only six in favor of parades on Broad Street. I think if you rescind that resolution you should pass a resolution on the other two applications.

Commissioner Raymond: Why not leave it to the discretion of the Director of Public Safety? I think we can leave it to his good judgment to decide on applications for parades to be held on Broad Street.

Commissioner Gillen moved that the resolution adopted by this Board prohibiting parades on Broad Street be rescinded.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Gillen moved that the matter of permits to hold parades on Broad Street be left to the Director of Public Safety.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Henry Hebel, representing the Engineers and Building Trade Councils, appeared before the Board and urged reconsideration by the Board with respect to a power plant in the new Centre Market, stating the City could save from \$18,000 to \$20,000 a year in the operation of its own plant.

Mr. J. Canton, representing the Essex Trades Council also urged reconsideration by the Board of its previous decision on the Centre Market power plant and urged that it be installed.

Commissioner Gillen moved that the Board hold a public hearing on the question of a power plant in the new Centre Market next Tuesday at 11 A. M., and that the public be invited to attend and express their opinion as to whether or not this plant should be installed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Newton H. Porter: I represent St. Stephen's Church which is located at Clinton Avenue and Elizabeth Avenue. The Assessment Commissioners propose to take a corner there consisting of a strip 27 feet on Elizabeth Avenue and 27 feet on Clinton Avenue and about 22 feet across the rear of this point. The Assessment Commissioners asked us what in our judgment we considered the plot worth. We had an appraisal made by an expert, well qualified to tell us the value of land in that section and he placed a figure on the part of our property which you propose to take for the purpose of widening at \$3,507.30. Your Board of Assessment Commissioners wrote us a letter and said damages had been assessed at \$2,179.28, a difference of \$1,328.02. In justice to ourselves and to the Commissioners, inasmuch as we have had this expert appraisal made, we feel unwilling to accept the amount that your Commission have said we are entitled to in their judgment.

Commissioner Howe: The City actually takes only 7 feet. Part of that is sidewalk which you cannot build on. I have inspected this property and Mr. Porter is telling you what he believes to be a fact, but the facts are right here and the Church does not lose any of its ground except at the extreme end of the point. The benefits which will come as a result of this improvement will materially

increase the value of the property. We are only taking 7 feet. We are giving them \$8.00 a square foot and the property directly across the street was only recently sold for \$4.00 a square foot.

Mr. Porter: In view of the explanation that has been made we will withdraw our objection and be content with the amount the Assessment Commissioners have awarded.

Commissioner Raymond offered the following resolution:

RESOLVED, That the Report of the Commissioners of Assessments for Local Improvements of the City of Newark for the paving of Park View Terrace from Lyons Avenue to Lehigh Avenue, which said Report is hereto annexed, be and the same is hereby in all things adopted, ratified and confirmed; and,

BE IT FURTHER RESOLVED, That the City Clerk be and he is hereby authorized and directed to file a duplicate of said Report in the Office of the Comptroller of the said City of Newark for collection.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that an ordinance entitled "An Ordinance to provide for the opening of Jefferson Street from South Street to Thomas Street," be laid over until April 11th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the paving of Sandford Place from Sandford Avenue to 25 feet west of Ellery Avenue with asphaltic concrete on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Sandford Place from Sandford Avenue to 25 feet west of Ellery Avenue shall be paved with asphaltic concrete on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street including the laying of concrete sidewalks at street intersections and elsewhere wherever necessary, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become neces-

sary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof. The City asphalt plant to be authorized to bid on same.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that the ordinance be taken up on third reading on April 11th.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the paving of Goodwin Avenue from Hawthorne Avenue to Renner Avenue with asphaltic concrete on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Goodwin Avenue from Hawthorne Avenue to Renner Avenue shall be paved with asphaltic concrete on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may effected on account of the laying of the pavement, or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled, "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof. The City Asphalt Plant to be authorized to bid on same.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improve-

ment in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

An ordinance to provide for the paving of Oakland Terrace from Cameron Road southerly about 926 feet with asphaltic concrete on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Oakland Terrace from Cameron Road southerly about 926 feet shall be paved with asphaltic concrete on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled, "An Act Concerning Municipalities," approved March 27th, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof. The City Asphalt Plant to be authorized to bid on same.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of this ordinance.

Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, N. J., under and by virtue of the provisions of an act entitled, "An Act Concerning Municipalities," approved March 27th, 1917, (P. L. 1917-819) and the supplements thereto, and amendments thereof, to order and cause the paving and repaving of Bergen Street from Weequahic Avenue to the Union County Line as follows: from Weequahic Avenue to Chancellor Avenue with asphalt resurfacing (2" top-1½" binder) on the old telford foundation properly scarified, the brick gutter paving to be properly repaired wherever necessary; from Chancellor Avenue to the Union County Line, grading, curbing and asphalt paving (2" top-1½" binder) on a six (6) inch concrete foundation. The City Asphalt Plant to be authorized to bid on the improvement.

Paving and repaving of Pomona Avenue from Bergen Street to Clinton Place with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, the parkway

at present in the middle of the street to be retained. The City Asphalt Plant to be authorized to bid on the improvement.

Paving of Florence Avenue from the Irvington Line northerly about 915 feet to a property line about 521 feet south of Sandford Place with asphaltic concrete on a six (6) inch concrete foundation. The City Asphalt Plant to be authorized to bid on said improvement.

Grading and paving of Searing Street for a width of 15 feet from Warren Street to the Morris Canal, with asphaltic concrete on a six (6) inch concrete foundation. The City Asphalt Plant to be authorized to bid on said improvement.

With the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving or repaving of the above streets including the laying of concrete sidewalks at street intersections, and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting or resetting of the curb.

Said improvements to be made as local improvements and the cost thereof to be assessed against the property benefited by said improvements in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the proposed improved portion of said

streets, after the making of said improvements, the owner of any and all lands on the line of said improvements are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of an ordinance providing for said improvements. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

And the Director of the Department of Streets and Public Improvements is hereby directed to give public notice in an authorized daily newspaper, printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvements to be made, and that all persons whose lands may be affected by such improvements or who may be interested therein will be given an opportunity to be heard concerning the same at a meeting of said Board, to be held in its meeting room, City Hall, on April 25th 1922, at 11 o'clock a. m., at which time and place ordinances for the making of such improvements will be considered.

Breidenbach.

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, N. J., under and by virtue of the provisions of an act entitled, "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, to order and cause the construction of eight (8) inch pipe sewers in Poe Avenue, Monticello Avenue and Longfellow Avenue between South Orange Avenue and Marion Avenue, discharging into Sandford Avenue through an eight (8) inch pipe sewer laid in a right of way to be acquired between Longfellow Avenue and Sandford Avenue. These sewers to be constructed with house connections to the curb lines and to be used for house sewage only.

Also a storm water sewer in Sandford Avenue from South Orange Avenue northerly and thence through the above mentioned right of way to Longfellow Avenue. The sewer in Sandford Avenue and in the right of way from Sandford Avenue to Poe Avenue to be twenty-four (24) inch pipe from Poe Avenue to Monticello Avenue eighteen (18) inch pipe and from Monticello Avenue to Longfellow Avenue to be fifteen (15) inch pipe. These sewers to be known and designated as "Monticello Park Sewers." Together with all the appurtenances necessary to complete the same.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

And the Director of the Department of Streets and Public Improve-

ments is hereby directed to give public notice in an authorized daily newspaper, printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvements to be made, and that all persons whose lands may be affected by such improvements or who may be interested therein will be given an opportunity to be heard concerning the same at a meeting of said Board, to be held in its meeting room, City Hall, on April 25th, 1922, at 11 o'clock a. m.; at which time and place ordinances for the making of such improvements will be considered.

State of New Jersey
Passaic Valley Sewerage
Commissioners
126 Market Street

Newark, March 31, 1922.

Mr. William J. Egan,
City Clerk,
Newark, N. J.

Dear Sir:

There are sent you herewith enclosed for your files pamphlet copies of the 3rd and 4th Supplemental Contracts, between the municipalities lying in whole or in part within the Passaic Valley Sewerage District and the Passaic Valley Sewerage Commissioners.

Yours very truly,

J. H. Quigg, Secretary.

Ordered referred to the Auditor of Accounts.

First District Court
City Hall

Newark, N. J., March 29, 1922.

Board of Commissioners,
City Hall,
Newark, N. J.

Gentlemen:

Mr. Charles R. Baldwin, the Clerk of this Court, has been ordered to take a rest by his doctor and to leave Newark for about a month to recuperate. Mr. Baldwin has been a faithful public servant and to my knowledge has not taken a vacation in the

last 9 years beyond a day or two at a time. Mr. Baldwin has kept the Clerk's office open during the months in the summer when the Court has been closed.

This Court has applied several times for more help in the office. The staff in the Clerk's office is overworked. We need at least one extra clerk.

In this emergency I therefore apply to your Honorable Board to assign some young woman who can do typewriting and clerical work, at least for the coming month, and earnestly urge that this be done at once.

Yours respectfully,

Cecil H. MacMahon,
Judge.

Commissioner Gillen moved that the request be complied with and that the matter be referred to Director Howe.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

A communication from The Sanitary Products Corporation of New York City regarding assessment of \$10,000. levied against it for merchandise stored in Newark during the year 1921 was on motion of Commissioner Raymond ordered referred to the Director of Revenue and Finance.

A communication from the Board of Chosen Freeholders regarding a

public hearing on the question of the erection of a Vocational School at Bloomfield by the County of Essex was on motion of Commissioner Brennan ordered filed.

Reports of City Officers.

The following reports of City officers were received and ordered filed:

Department of Buildings for March, 1922.

Sealer of Weights and Measures for March, 1922.

Clerk 1st District Court for March, 1922.

Clerk 2nd District Court for March, 1922.

Clerk, Almshouse for March, 1922.

Clerk of Centre Market for March, 1922.

City Clerk (2) for March, 1922.

Richard P. Rooney, Clerk 1st Criminal Court, part 1, for March, 1922.

William Yuill, Clerk 2nd Criminal Court, part 2, for March, 1922.

Thomas F. Guthrie, Deputy Clerk, 2nd Criminal Court, part 1, for March, 1922.

William J. Schmauder, Clerk 3rd Criminal Court, part 1, for March, 1922.

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

NEWARK, N. J.

April 11, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of meeting of April 4th were read and approved.

The following reports of the Commissioners of Assessments for Local Improvements on the following street improvements were received and ordered filed:

Paving of Doremus Avenue (formerly known as Avenue R) from Lincoln Highway to Port Street;

Paving of Wilson Avenue from the westerly line of Avenue L to a point about 600 feet south of Ball's Lane;

Paving of Wilson Avenue from about 600 feet south of Hyatt Avenue to Newark Bay.

Mr. Frederick A. Keer, 917 Broad Street, representing the Broad Street Merchants and Chamber of Commerce, appeared before the Board on the matter of street parades on Broad Street stating that they were a serious menace to business interests on Broad Street when held during business hours and presented the following resolution permitting the use of Broad Street and Market Street for parade purposes after business hours only and urged its adoption on the part of the Board:

Commissioner Brennan offered the following resolution:

WHEREAS, Parades on Broad Street and Market Street in many instances in the past have seriously interfered with the ability of merchants to conduct their normal business, entailing considerable financial loss, and

WHEREAS, A survey made to ascertain the opinions of said merchants regarding parades, clearly indicates a desire to have parades on these streets restricted, therefor, be it

RESOLVED, That the Retail Merchants petition the Board of City Commissioners to adopt the following resolution for the regulation of parades on Broad and Market Streets:

That with the exception of Sundays, Legal Holidays, or Holidays declared, by proclamation, no permits shall be issued for parades on Broad and Market Street between the hours of seven A. M. and seven-thirty P. M., with the further exception that no permit be issued for a parade on said streets on a Saturday, unless a Legal or specially declared Holiday occurs on a Saturday.

That all permits for parades shall be issued not less than seven days prior to the date of the parade and due notice thereof be given to the public through the Press.

That in the case of all parade permits issued they shall specifically prohibit counter marching on Broad and Market Streets.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Henry Hebler, representing the Building Trades Council, urged serious consideration on the part of the Board with respect to the installation of a power plant in the new Centre Market, stating there would be a saving between \$18,000 and \$20,000 a year.

Mr. Cornelius Rooney, representing the Firemen's Local, 66 South Orange Avenue; Mr. Fred Scholl, representing the Steam Fitter's Local, 264 Washington Street; Mr. Jake Kanzia, representing Essex Trades Council, 264 Washington Street; and Mr. Henry Loshe, 432 Plane Street, appeared and urged the installation of a power plant in the new Centre Market.

Mr. E. W. Wollmuth, speaking as an individual stated he felt the question of installing a power plant in the new Centre Market should be considered from a business standpoint, and if it was found that the cost of installation and operation would make it a profitable investment and current provided cheaper than that obtained from a private company, that the question of policy was one that the Board was capable of deciding.

Mr. Charles L. Whitfield, 384 Summer Avenue, objected to the installation of the power plant on the ground that it would not be a paying proposition.

Dr. Wm. G. Hanrahan, 36-A Fulton Street, urged the installation of the power plant in the new Centre Market, stating that Cleveland, Ohio, through its own power plant could furnish current for 3c per K. W. hour, whereas the cost in Newark was 10c per K. W. hour.

Mr. John L. O'Toole, representing the Public Service Electric Company, opposed the installation of a municipal power plant, stating his company was prepared to furnish current at cheaper rates than a municipally operated plant.

Commissioner Raymond offered the following resolution:

WHEREAS, The Court of Errors and Appeals of the State of New Jersey by its opinion filed on March Sixth, Nineteen Hundred and Twenty-Two affirmed the judgment of Eighteen Thousand, One Hundred and Four Dollars and Eight Cents (\$18,104.08) recovered by the State of New Jersey against the City of Newark for the excess diversion of the potable water from the Pequannock Watershed for the supply of the inhabitants of the City of Newark in excess of one hundred gallons daily per capita for each inhabitant of the City of Newark as shown by the State's census of 1905, or a population of 283,289, as provided, by Section Eight of the Chapter 252, of the Laws of 1907, entitled "An Act to Establish a State Water Supply Commission, and to define its powers and

duties, and the conditions under which waters of this State may be diverted," approved June 17th, 1907; and

WHEREAS, Said judgment entered in the New Jersey Supreme Court, Mercer County, on September 8th, 1921, embraced the following charges made by the Board of Conservation and Development of the State of New Jersey against the City of Newark at the rate of one dollar per million gallons for water legally diverted by the City of Newark in excess of its average daily diversion of 36,241,666 gallons, on June 17th, 1907, when said Chapter 252 of the Laws of 1907 became effective; to wit:

For the year ended

June 30, 1915-	5,675,000 gals.	\$2,071.37
Dec. 31, 1917-	10,058,334 gals.	3,671.28
Dec. 31, 1918-	13,654,224 gals.	4,983.79
Dec. 31, 1919-	8,701,343 gals.	3,175.99
Dec. 31, 1920-	11,479,918 gals.	4,201.65

Total \$18,104.08

WHEREAS, Said annual charge for excess diversion of water will continue to be imposed upon the City of Newark so long as said Chapter 252 of the Laws of 1907 remains in force; and

WHEREAS, The Pequannock Watershed was acquired by the City of Newark under and by virtue of a certain contract in writing entered into with the Lehigh Valley Railroad Company and the East Jersey Water Company under and pursuant to express authority therefor granted by the Legislature of the State of New Jersey, and the City of Newark after the expenditure of six million dollars under said contract acquired the title with the State's approval to the

supply of water from the Pequannock River and the possession of a completed water plant, conduits and appurtenances fully competent and capable of furnishing to the City of Newark fifty million gallons of water per day forever; all of which was acquired prior to the approval of said Chapter 252 of the Laws of 1907; and

WHEREAS, In the proceedings in the Supreme Court and the Court of Errors and Appeals of the State of New Jersey it was contended on behalf of the City of Newark that the State of New Jersey had no power by said Chapter 252 of the Laws of 1907 to interfere with the vested rights acquired by the City of Newark as a proprietary owner of the Pequannock Water supply and that to that extent the Act of 1907 was unconstitutional; and

WHEREAS, The Court of Errors and Appeals in its opinion sustained the validity of Chapter 252 of the Laws of 1907 as not being repugnant to the Constitution of the United States; and

WHEREAS, This Commission has been advised by the Corporation Counsel that the question of the vested rights of the City of Newark in its Pequannock Water supply presents a legal question which should be reviewed by the Supreme Court of the United States,

THEREFORE BE IT RESOLVED, That the Corporation Counsel of the City of Newark be and he is hereby authorized to take the necessary proceedings to have the constitutionality of Chapter 252 of the Laws of 1907, insofar as it affects the vested rights

of the City of Newark in the Pequannock Water Supply reviewed by the Supreme Court of the United States.

Commissioner Raymond: I would like to say one or two words in amplification of that. The people of the City of Newark invested their money under a grant from the State in the water development at the Pequannock River Watershed, in good faith, at the expense of millions of dollars, borne by the people of this City and they completed their development. After they had so completed their development, they have shown a disposition to share that water beyond their immediate needs with neighboring municipalities; then the Legislature comes along under an Act of 1907 and levies tribute upon us. That tribute as set forth in that resolution already amounts to \$18,000 to \$19,000. I say we should not permit this to go any further. It is a question of the vested rights of the City of Newark; vested rights granted by the State of New Jersey; vested rights which the State of New Jersey is impairing. In my opinion and the opinion of the Corporation Counsel it is a violation of the Constitution of the United States. I think we should appeal that decision of the Court of Errors and Appeals to the Supreme Court of the United States and get a final decision on this question now, once and for all. From present indications Newark is going to constantly increase its water business and I think we should settle these

matters as we go along, and I think the people of Newark will back us to a man and woman to fight this case to a finish. That is why I offer that resolution.

The roll being called, the resolution was declared adopted by the following votes:

Mr. John Riordon, representing the Riordon Leather Co., and Mr. C. S. O'Loughlin, 46 South Street, appeared and protested against the proposed opening of Jefferson Street.

Commissioners Raymond and Howe stated they felt this was a necessary improvement and stated their property may not be assessed by reason of the improvement.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the opening of Jefferson Street from South Street to Thomas Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Jefferson Street from South Street to Thomas Street shall be opened as a public street or highway as follows:

Beginning at a point in the southerly line of South Street distant 558.64 feet easterly from the south-

easterly corner of South Street and Pacific Street; thence running south-westerly 208.15 feet to a point in the northerly line of Thomas Street said point being distant 526.46 feet easterly from the northeasterly corner of Thomas Street and Pacific Street; the above described line to be the westerly line of a street 60 feet in width. All as shown on a map on file in the office of the Chief Engineer, Division of Surveys, Department of Streets and Public Improvements, known and designated as No. 1208-0, under and by virtue of the provisions of an act entitled, "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that the ordinance be taken up on third reading on April 18th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Briedenbach.

Mr. Vincent Pomponio, 61 Sunset avenue, objected to the paving of Boylan Street, stating the street was newly filled and not properly settled.

Mr. Charles Hector, 24 Boylan Street and six other property owners and residents on Boylan Street urged that the street be paved.

Commissioner Raymond stated he felt in justice to the people who have built homes on Boylan Street and who live there, that they should be given a pavement.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the paving of Boylan Street from South Orange Avenue to 300 feet south of Abinger Place with asphaltic concrete on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Boylan Street from South Orange Avenue to 300 feet south of Abinger Place shall be paved with asphaltic concrete on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27th, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof. The City Asphalt Plant to be authorized to bid on same.

Said improvement to be made as a local improvement and the cost there-

of to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections to the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance have read once, Commissioner Raymond moved that it be ordered to a second reading.

An ordinance to authorize the acquirement of lands known as Nos. 46 and 48 Franklin Street, on the Tax Maps of the City of Newark, New Jersey to be used for City Hall additions and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the plot of land known as Nos. 46 and 48 Franklin Street, on the tax maps of the City of Newark, New Jersey, shall be acquired by the City of Newark, either by purchase or condemnation, for the purpose of City Hall additions.

2. That the total cost of the purchase of said lands shall not exceed

the sum of Eighty Thousand Dollars (\$80,000.).

3. Pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, as amended, there shall be issued temporary improvement bonds of the City of Newark in an aggregate principal amount not exceeding Eighty Thousand Dollars (\$80,000.), bearing interest at a rate not exceeding six per centum (6%) per annum, payable semi-annually, for the purpose of temporarily financing the cost of said purchase. All other matters in respect of said temporary improvement bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and of Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary improvement bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds, or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of Eighty Thousand Dollars (\$80,000.) to be raised by the issuance of said temporary improvement bonds is hereby appropriated for the purposes for which said bonds are hereby authorized to be issued.

A communication from David M. Tunstead, suggesting the opening and widening of Warren Street from Halsey Street to Broad Street, was on motion of Commissioner Brennan ordered referred to the Director of Streets and Public Improvements.

Atlantic Deeper Waterways Association.

Philadelphia, April 13, 1922.

The Secretary of the

Board of City Commissioners,
Newark, N. J.

Dear Mr. Secretary:

Under the present rules the River and Harbor appropriation is adopted as an item in the Army Bill. This bill as it recently passed the House carried \$42,815,661 for maintenance and improvement of work on projects heretofore adopted by Acts of Congress. The House decided, by a three-to-one vote, to substitute the carefully considered estimates of the Chief Engineers, for a lump sum of \$27,000,000 suggested by the Director of the Budget; as to which he is reported to have said at a hearing that he was without personal knowledge and that the underlying items had not been considered in detail. The opinion of the House was expressed by Congressman Mann, of Chicago, in his remark that an intelligent estimate should be preferred to an unintelligent one.

While the amount allowed by the House in the pending bill is above the Budget estimate it may fall below the amount available during the past year, because the balances carried over from the war years have now been almost exhausted. It is good business to finish approved work on schedule time. As regards eastern projects, we think that this item should be enacted as it stands. Much important work, notably that upon Pollock Rip Shoals, the East and Hudson Rivers, N. Y., Staten Island Sound, the Delaware River, the Ches-

apeake and Delaware Canal, the Harbors at Wilmington, Del., Baltimore and Norfolk; the Norfolk to Beaufort Waterway, the Harbors at Wilmington, N. C., Charleston, Savannah, Brunswick, Jacksonville, Miami and Key West, will lag behind unless the engineer's estimates are now made available. We think that it would be helpful, and in the public interest, if you would communicate with your two Senators, and with any other members of the Senate whom you may care to approach, informing them of your desire to have the River and Harbor item in the House Army Bill approved by the Senate in its present form.

Very truly yours,

Wilfred H. Schoff,
Secretary-Treasurer.

Commissioner Gillen moved that the communication be received and that this Board go on record as favoring the larger appropriation of Forty-two million dollars and that we communicate our wishes to our representatives in Congress; to the Rivers and Harbors Committee of Congress and the same committee of the Senate and to our representatives in the United States Senate.

The roll being called, the motion was declared adopted by the following votes:

The clerk then read the title of the ordinance as follows:

An ordinance to authorize the acquirement of lands known as Nos. 46 and 48 Franklin Street, on the tax maps of the City of Newark, New Jersey, to be used for City Hall additions and providing for the financing thereof.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

Commissioner Brennan moved that the ordaining clause of an ordinance entitled "An ordinance to license and regulate the manufacture or sale of malt or brewed liquors or any liquid of which distilled or ardent spirits or spirituous liquors form a component part," be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

Commissioner Brennan offered the following ordinance which was read by the clerk:

An ordinance to license and regulate the manufacture or sale of malt or brewed liquors or any liquid of which distilled or ardent spirits or spirituous liquors form a component part, which contains less than one-half of one per centum of alcohol by volume, used or to be used for beverage purposes.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. The Director of the municipal department of The City of Newark having control and supervision of the License Division, is hereby authorized and empowered to grant licenses under his hand and the seal of The City of Newark, which said licenses shall be countersigned by the

City Clerk, to such persons of good moral character and otherwise qualified according to the provisions of this ordinance, and such rules and regulations as he may promulgate as in his discretion he shall deem fit and proper, to manufacture or sell malt or brewed liquors or any other liquid of which distilled or ardent spirits or spirituous liquors form a component part, used or to be used for beverage purposes.

Section 2. All such licenses issued as aforesaid shall not be issued for a longer term than one year, and the annual license fee is hereby fixed in the sum of Two Hundred Dollars (\$200.) where the liquids described in Section 1 are to be drunk upon the premises and twenty-five (\$25.) dollars where the liquids described in Section 1 are to be drunk off the premises. Such licensing official may, in his discretion, issue such licenses for a shorter period than one year, and charge therefor such proportion of the annual fee as the time for which such license is issued bears to the total fee. The fee for a transfer of license from place to place or from person to person is hereby fixed in the sum of one hundred dollars (\$100.) for each transfer.

Section 3. No person shall manufacture or sell any of the liquids described in Section 1, unless he shall first procure a license so to do; provided, however, that this section shall not apply to duly registered pharmacists having a fixed place of business and selling therein any of the aforesaid liquids, spirits or spirituous liquors which shall be compounded, used and approved for medicine, in accordance with law.

Section 4. The word "person" as employed in this ordinance shall include associations, co-partnerships and incorporated companies.

Section 5. All licenses issued as aforesaid shall bear date of issue, the name of the person to whom issued, the person for which it shall be issued and the location of the place wherein the license is authorized to carry on and conduct his said business. Such license shall not be transferable or valid to authorize the license to carry on or conduct such business in any place or location other than that set forth and described in such license, but the Director of the Department having control of the License Division, may, in his discretion, subsequent to the issuing of said license, amend the same by changing the location of the place wherein the licensee may conduct his business, whenever the licensee shall remove his place of business to any location other than that originally set forth in the license.

Section 6. The Director of the Department having control and supervision of the License Division shall have the power to suspend or revoke the license herein provided for, whenever he shall determine that there is reasonable ground for so doing. Before revoking such license he shall cause a notice in writing to be served upon the person named in said license citing him to appear before said Director at such time and place as the latter may designate, at which time and place such person shall be afforded a hearing and interpose his objections and defense prior to the taking of final action by said Director, provided however, that pending the time of the hearing the Director may suspend said license.

Section 7. No person whose license shall have been revoked or suspended shall conduct the business which he was licensed to pursue unless such suspension be revoked or a new license issued.

Section 8. The Director having supervision and control of the License Division is hereby authorized and empowered to promulgate such rules regulating the manufacture or sale of the liquids described in Section 1 as he may deem desirable and necessary, copies of which rules shall be served upon the licensee or their agents.

Section 9. No license shall be granted to any person who is not a citizen of the United States and been a resident of the City of Newark for at least one year next prior to making application as herein provided for, or to any person who has been convicted of a violation of the National Prohibition Act or of any law of the State of New Jersey relating to the sale of intoxicating liquors.

Section 10. If any section, paragraph, subdivision, clause or provision of this ordinance shall be adjudged invalid, such adjudication shall apply only to the section, paragraph, subdivision, clause or provision so adjudged, and the rest of this ordinance shall remain valid and effective.

Section 11. Wherever the words "malt or brewed liquors" or "liquid of which distilled or ardent spirits" or "spirituous liquors form a component part" are used in this ordinance, they shall each be construed to mean malt or brewed liquors, or any liquid of which distilled or ardent spirits or spirituous liquors form a component

part, containing less than one-half of one per centum of alcohol, by volume, and which are used or are to be used for beverage purposes.

Section 12. All ordinances and parts of ordinances inconsistent with this ordinance be and the same are hereby repealed, and this ordinance shall take effect immediately.

The ordinance having been read once, Commissioner Brennan moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

Section 7 declared open to amendment.

Section 8 declared open to amendment.

Section 9 declared open to amendment.

Section 10 declared open to amendment.

Section 11 declared open to amendment.

Section 12 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Brennan moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Commissioner Brennan moved that the ordinance be taken up on third reading on May 9th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Commissioner Brennan moved that an ordinance entitled "An ordinance

providing for the regulation of Public Dances and licensing and regulation of public dance halls," be laid over until May 2nd.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Dr. William Buermann, representing the Clinton Hill Improvement Association:—I want to bring to your attention the diverting of a new car line on Clinton Avenue to Bergen Street, thence south on Bergen Street. Under the proposed re-routing the Public Service is to begin on May 1st this new line will come from downtown, I think it is the Harrison Line, up Clinton Avenue to Bergen Street, thence south. At the present time we have one car line turning to the north at this point. Here is another car line going to the south. If this new route is permitted it is going to create a very dangerous traffic point for life and property. Some years ago we all recall what a time we had with cars turning at Market and Broad Streets, and you can picture what will happen at Clinton Avenue and Bergen Street, not considering the loss of time that will occur from the cars stopping to turn the switches. With two car lines turning in opposite directions at this point you can readily see what an enormous tie up of traffic will take place. The question is who has jurisdiction over this matter. We were in communication with the Public Utility Commission and we were told they had no jurisdiction whatsoever in the matter. We would like to know who has jurisdiction in this matter so that we may

file a protest. The people in that section are emphatic in their objection to this proposed re-routing.

Corporation Counsel Congleton:— I think the City has some jurisdiction. Just how far it goes I am not prepared to say. Under the old franchises granted, there was outlined the route each line would take. Most of them have been changed from time to time. How it was done I am not prepared to say, but the Public Utility Commission in my opinion has certain jurisdiction. Under the statute one of their duties is to see that we get adequate service. I think without a doubt we have quite some jurisdiction.

Dr. Wm. G. Hanrahan, 36-A Fulton Street:—I want to reiterate what Dr. Buermann has said. Here is a matter of great concern to the citizens with no opportunity given them to protest. Four routes are to be re-established on four lines and only one week's notice printed in the newspapers, and without any opportunity for citizens to protest. I think some means should be established to give an opportunity to protest this re-routing, and at least thirty days notice given.

Commissioner Howe moved that the matter be referred to Director Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Mr. H. F. Essex, 198 Florence Avenue, requested information as to whether under the proposed paving

of Florence Avenue, property north of Clinton Avenue would be connected with the Newark water and sewer system, stating at the present time they were connected with the Irvington systems.

Commissioner Brennan moved that the matter be referred to Director Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Mr. Geo. W. Gehin, 786 Broad Street:—I come here as the representative of 25,000 Junior citizens—boys. You will perhaps recall that Newark has been doing a whole lot to further the interests of the unprivileged boy. I am glad to say that we have a reputation all over the country for doing more for boys who need help than any other city. Last year we had a parade and had 17,000 in line. Ever since last May we have been drilling these boys and telling them they were to have another parade the first Saturday in May this year. Of course we agree that parades should be eliminated from Broad Street, but we claim the boys parade is entirely different from any other. There is no class, color, religion or creed or anything, except our desire to do something for boys who cannot do something for themselves. We think Broad Street belongs not to Broad Street merchants, but to everybody in general. We think most of the restrictions covering traffic on Broad Street have some particular object, usually safety. It is not a question of safety in taking this parade off Broad Street,

merely that the merchants do not want to lose business on Saturday afternoon. I think if a canvas were taken of Broad Street merchants in general there would be an overwhelming majority in favor of allowing the boys to parade on Broad Street. We have been put to the necessity of having the parade on High Street which is far worse. There are seven hospitals on High Street and these patients certainly would be disturbed with the bands playing.

Mr. L. S. Plaut of the Retail Merchants Section of the Chamber of Commerce stated parades on Broad Street during business hours were a serious menace to business and that his Committee were opposed to making any exceptions or amendment to the resolution as adopted by the Board two weeks ago .

Mr. Matthias Ludlow of the Chamber of Commerce stated he agreed that parades on Broad Street were a serious interruption to business, but felt that an exception should be made in the case of the boys parade and suggested that May 6th be declared a half holiday in order that the boys may parade.

Corporation Counsel Congleton stated that Saturday afternoon is a Legal Holiday throughout the State.

Commissioner Brennan moved that the matter of declaring Saturday, May 6th as a Legal Holiday be referred to His Honor, The Mayor, if the Corporation Counsel finds his opinion is correct.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Yeas: — Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, under and by virtue of the provisions of an act en-

titled "An Act Concerning Municipalities," approved March 27th, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof.

1. To cause the grading and paving of Heller Parkway as follows: from the Newark-Belleville Line to the west side of the entrance of the Essex County Park with oblong granite block pavements on a six (6) inch concrete foundation; on that portion of Heller Parkway east of the Park entrance to First Street with sheet asphalt pavement on a six (6) inch concrete foundation; on the depressed roadway on the west side of the Morris Canal with reinforced concrete pavement, together with all other appurtenances incidental to the paving of said parkway as a local improvement and the cost thereof to be assessed against the property benefitted by said improvement in proportion to the benefits received;

2. That said improvement shall be made by the County of Essex, in accordance with an agreement between the County of Essex and the City of Newark, setting forth the work to be undertaken, the plans and specifications therefor and the proportion of the cost thereof to be borne by each, now on file in the office of the Director of the Department of Streets and Public Improvements of the City of Newark, which contract provides:

1. That the County of Essex, in accordance with specifications attached to said contract, shall cause Heller Parkway to be graded and paved as follows: From the Newark-Belleville Line to the entrance of the Essex County Park with new oblong granite block pavement on a six (6) inch con-

crete foundation; from the Park entrance to First Street with sheet asphalt pavement on a six (6) inch concrete foundation; and on the depressed roadway west of the Morris Canal with reinforced concrete pavement;

II. Yeas: — Commissioners Brennan, Howe, Raymond, Mayor Breidenbach.

WHEREAS, The Mayor and Common Council of the City of Newark by a certain deed dated December 30, 1910, recorded in book G. 54 of deeds for Essex County on page 368, conveyed to William H. Power a certain strip of vacant land, 11 ft. by 160 ft. in dimensions, containing .04 of an acre, located on the westerly side of Highland Avenue in the town of Montclair, Essex County, New Jersey, reserving, however, to The City of Newark, its successors and assigns, a right of way, under and across said strip of land for the purpose of maintaining, repairing or enlarging the tunnel now used by The City of Newark for the purpose of supplying water to the said City of Newark, and the right to construct, maintain and repair additional tunnel or tunnels to be used for said purpose within the distance of 12½ feet on each side of the center line of the present tunnel located under said strip of land;

WHEREAS, Said strip of land was conveyed to the Mayor and Common Council of the City of Newark, subject to certain restrictions of record contained in a certain deed from I. Seymour Crane and S. Maud Crane,

his wife, dated July 6th, 1901, recorded in book M. 34 of deeds for Essex County on page 525, to the said Mayor and Common Council of the City of Newark; and

WHEREAS, Said strip of land is about to be conveyed to the town of Montclair for the purpose of a Public Play Ground and application has been made to the City of Newark for its release of said restrictions of record insofar as they affect the aforesaid strip of land and the Ordinance of said Town of Montclair as passed by its Municipal Commission provides for the purchase of said property, free and clear of all encumbrances, except the above mentioned reservation of the City of Newark for the construction, maintenance and repair of its tunnel for water supply purposes, and there appears to be no valid reason why the City of Newark cannot release said strip of land insofar as it is concerned with respect to the aforesaid restrictions of record, and said release is necessary to enable the Town of Montclair to issue and negotiate its bonds for the purpose of establishing the Public Play Ground on said premises;

THEREFORE BE IT RESOLVED, That the Mayor and City Clerk be and they are hereby authorized and directed to execute and deliver to William H. Power or his successors in title on behalf of the City of Newark, a proper release to be prepared and approved by the Corporation Counsel of the City of Newark releasing said restrictions of record but reserving, however, to the City of Newark, its successors and assigns the reservation contained in the deed to the said William H. Power above referred to respecting the right of

way across said strip of land for tunnel or tunnels to be used in connection with the Public water supply of the City of Newark.
